Administrator's Report 03/27/23

Spring is here but it looks to be bringing the threat of heavy rain this weekend. Public Works crews have worked to make sure our street drains and grates are clear and we are ready for the rains. Crews will be on standby all weekend in case they are needed.

The Parks Department has been preparing for the start of Baseball and Softball season. Practice starts next week. Concession stands have all been checked and we think they are ready to go. Also park staff will be installing the new Disc Golf course next week.

The Annual Easter Egg Hunt is scheduled for April 1st and the staff has been working to get everything ready and also using our social media sites to get the word out.

The Fire Department will be hosting the **annual Pet Vaccination Clinic** on Saturday April 22nd at the Webb City Fire Station.

The Jasper County Sheriff's Office will be **supplying and installing new Motorola radios** in all Webb City patrol vehicles along with in-car repeaters and portable radios for all officers starting the week of April 3rd. They will also be installing a new base station within the console at the Police Station. This will be the first steps beginning the new county wide radio system that was passed by voters last year. When all is completed both the police and fire departments will be part of the Missouri Highway Patrol system MOSWIN. This will greatly enhance the reliability and coverage of our radio systems and make interoperability with other agencies seamless throughout the county.

Previous Meetings

Finance Department has been working with our banking provider and has worked an agreement that will be presented to council for approval. The bank has agreed to amend our current interest rate from the now 0.9% on all deposits to 3.2% which will be locked for a two year period. We feel this is a very good offer and appreciate our providers' willingness to negotiate this revision. Banking services will still be provided at the 0 fee rate.

Staff have been speaking with the owners of Flat Creek Grill and they have stated they are working to have the new facility open on or before the first of May. Popeye's owners have said they plan to begin construction on the first of April. We anticipate a busy summer as several other developments will be moving forward.

We have been notified that Total Electronics (TEC) will be here March 29, 2023 to April 4, 2023 to update the council chambers. This will bring in new recording and streaming capabilities along with a new large monitor and monitors at each council seat.

Public works has been busy working with the Parks Department with final grading and work on the 4 new soccer field that we hope to have in use this spring. **The spring soccer season starts March 14th.**

Dates for the Annual **City Wide Cleanup** have been set for the week of **May 9th-12th** and the Hazardous Waste cleanup will be May 13th at the Public Works facility. More details will be coming as the date gets closer.

Members from Anderson Engineering will be surveying the city streets in areas north of MacArthur. They will be driving the city streets very slowly to gather digital images of the street conditions. This is part of our recently funded road condition survey.

Staff are exploring the idea of charging commercial companies who wish to access our limbyard after hours. This would involve a yearly fee and have to be approved by council prior to implementation.

Since the media coverage regarding our **Memorial Park Bench program** occurred after the last meeting we have had several new requests. We will be working with the residents as best we can and schedule the additional installs as time allows within our work schedule.

The Girls Little League has agreed to split the cost of the new back stops for all softball fields. Parks Department staff have placed the order and we will be looking forward to having them ready by the time play begins this spring. The Boys Major LL field has been cut and sodded to help with the condition of the field. Some excess sod that was not used on the field has been placed at Stadium View Park to help with the approach to the new play area. The Fire Department has really helped out by continuing to keep the new sod watered.

Waste water crews have been working to repair that **collapsed line near 1st and Oronogo**. Rain has delayed them but we hope to start back soon. In the interim work is continuing to finish the Redbird lift station repairs by fixing the approach and grounds. The lift station at the Mining Days building will be the next project to be undertaken.

The city has purchased back the 5 acre parcel from the original developer who had failed to build as planned on the north side of the tracks east of East Street within the Centennial Retail District. The property is located between the Mattress Factory and Washe Laundromat.

Public Works Water Department will be conducting some vendor inquiries regarding the **planned revamp of the water well located at the main tower sight**. This tower has been out of service nearly since it was built due to what is believed to be a bent casing. We hope to be able to bring this well back on line in FY 22/23.

Waste Water crews are busy finishing the rebuild of the Walnut Ridge Lift Station. This station seems to be one that has seen the most abuse from the allegedly disposable wipes. We have tried to get the word out that these wipes could someday cause a sanitary sewer back up that we are trying to avoid.

2022 was not a good year regarding our Workers Compensation modification rating. City staff have met with our insurance carrier and it is anticipated we could see a 20% plus increase in our WC rates this year. Risk specialists from our carrier will be meeting in coming weeks with members of the City Employee Safety Committee to discuss any needs or policy changes needed that could help reduce employee related injuries.

Staff have placed the 3% increase in retail sales tax for marijuana ballot question on the upcoming council agenda. This would only apply to recreational sales of the product should a dispensary be built within the city and only after a majority of voters approve it in the April Ballot. Has no effect if the Council should decide to put the ban on the 2024 Presidential election as the amendment requires.

The idea of placing a **sunshade of some type over the Amphitheater** is still being discussed. We have some ideas that would include a vinyl material covering that would be retractable when not in use. This would significantly extend the life of the material. We hope to have something to present to council in the next month for their consideration.

Staff were notified that **MODOT has approved our application for sidewalk improvements along the east side of East Street from MO171 to Daugherty** and some along Daugherty.

Our engineer reports that **geotechnical field work was completed on 11/1/2022 in reference to the proposed storm water retention project** along Mo 171 at Powell Drive. Lab testing begins 11/2/2022. Rain delayed start of Geotech field work, but will not impact overall project schedule. Survey set to begin in mid-November. **(update, field work complete and design work begins Jan 9th)**

City staff have been busy working on a new web site. The current site has had some issues and made it very difficult to make changes. We are wanting to incorporate some additional features such as online bill pay and permit applications. It will still be located at the same domain of www.webbcitymo.org and we hope to announce the unveiling very soon.

Council Report

City of Webb City

ARPA Grant
Equipment Purchase
Police Department
March 27, 2023

SUBJECT:

The police department is asking the Council to accept \$19,999.98 in grant funding awarded from the American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Funds (SLFRF) Peace Officers Grant (POG) funding opportunity. This is a 50% match grant so the police department will need to match the \$19,999.98 award.

The police department is asking the Council to allow the police department to purchase the awarded equipment by following the City's procurement policy.

BACKGROUND:

In November 2022 I applied to the American Rescue Plan Act program for \$39,999.96 in equipment needed in the daily operation of the police department. This is a 50% match grant so the actual award is \$19,999.98 and the police department must match the award with \$19,999.98 in city funds.

In March 2023 I received notice that we were awarded \$19,999.98 from my application. This amount will be used to purchase 24 SUV storage cabinets and 30 tire deflation devices.

RECOMMENDATION:

Allow the Police Department to accept \$19,999.98 in grant funding awarded from the American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Funds (SLFRF) Peace Officers Grant (POG) funding opportunity. Allocate \$19,999.98 in budgeted funds to match the grant award.

Allow the police department to purchase 24 SUV storage cabinets and 30 tire deflation devices following the City's procurement policy.

FISCAL IMPACT:

\$19,999.98 – The American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Funds (SLFRF) Peace Officers Grant (POG) funding opportunity only funds half of the cost of the purchase of this equipment. The grant was awarded after the 2022-2023 budget had been approved so the city's 50% match, \$19,999.98, will be an additional expense to account 00.21.46105, Matching grant funds.
