RESOLUTION NO. 25-1002

**A RESOLUTION ESTABLISHING THE MAYOR'S LEADERSHIP
SCHOLARSHIP**

WHEREAS, the City of Webb City recognizes and acknowledges that leadership is a gift and is worthy of encouragement and recognition as a reward for achieving next level excellence; and

WHEREAS, the City Council of Webb City is dedicated to fostering leadership values in the youth of Webb City and desires to establish the Mayor's Leadership Scholarship to be awarded annually to two graduating seniors at Webb City High School;

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL of the City of Webb City that the Mayor's Leadership Scholarship is hereby established.

THAT the Mayor's Leadership Scholarship shall be awarded annually to two graduating seniors from Webb City High School who have demonstrated their leadership traits and qualities by faithfully serving with distinction in the student body government.

APPROVED AND PASSED this _____ day of _____, 2025.

Lynn Ragsdale, Mayor and Presiding Officer

Kimberley E. DeMoss, City Clerk

[illegible]

Administrator's Report 06/09/2025

Park Department staff are busy with the **planning for the upcoming Cruisapalooza**. The event will take place on Saturday July 12th in King Jack Park and this year's headlining band will be Big Smitty followed by a great display of fireworks. We encourage everyone to try and make it out to this Webb City sponsored annual event.

Heavy rains have certainly put a burden on our waste water collection system. The overflows have been fairly contained this year and certainly better than years past during these types of large rain events. Waste Water department reports that they **have completed over 90 manhole linings** with the vendor that received the contract approved by council recently. This most likely is a big reason why our overflows have been showing improvement.

Community Development has been working with **Wow Printing to complete the design for the mural next to the 66 Event center and the addition of Route 66 signage** along Daugherty at the large concrete trestles. We hope to have them ready for council approval soon as we move forward in this project that was approved in the FY 24/25 budget.

With the 4th of July falling on a Friday this year both the Fire Department and the Police Department have asked that the council consider a onetime extension of the sale and discharge of fireworks for this year on Saturday July 5th 2025. Multiple requests for fireworks displays on Saturday have been received and both departments feel it would be easier to allow sale and discharge on Saturday rather than try to regulate individual displays on that Saturday.

The Fire Department has announced that a breakfast fundraiser will be held at the Webb City Fire Department for one of their own who is dealing with some family health issues. The event will take place on June 13th from 6am to 10am at the Webb City Fire Station.

You will now find in the council packet each meeting the last two weeks building permits that have been issued by Public Works. This is the result of a recent request that the information be provided but one can still find all permits issued at the Public Works office on North Madison anytime during working hours.

Work should begin (if it stops raining soon) on the required dirt work for the new playground to be installed at Westhaven Park. The playground equipment has arrived and we are just waiting for the ground to be workable. We will also be doing some upgrades to the Tennis Court and adding some lighting.

Public Works reports that now that the parking lots have been completed we are anticipating the streets to be prepped soon and **paving of the streets to be completed in July or early August.**

Recently City Hall switched to an automated calling system for those who were late on their utility payments. This has proven to be very useful in reducing the time that had been spent by staff making over 300 calls a month to remind people their payments were late but also has drastically reduced the number of required shutoffs each month. For example last month we had 64 shutoffs and that number usually ran into the hundreds on a regular basis.

The Fire Department reports that it is within days of completing the first Webb City conducted Firefighter Academy. This Academy will provide four full-time trained firefighters for the City of Webb City and one Part time employee in addition to assisting other area fire departments.

Public Works assisted our solid waste removal company in conducting the annual City Wide Cleanup from May 5th to May 9th. This being the 5th year that we have conducted the event curbside has proven to be a big assistance to our residences since they no longer have to transport their yearly deposits to the designated locations as in the past.

The Roof replacement recently approved by council at the Farmers Market is complete. In our monthly meeting with the Market staff they were quick to say thank you because they had heavy rain during the market on Saturday.

Previous Meetings

Parks Department has reported that the Splash Pad is open and the spring sports are in full swing. The opening day did come with a couple hiccups, such as the popcorn machines not working properly. Staff problem solved quickly and we would like to thank the Route 66 Theater for their help in providing a large bag of popcorn for the day. Since then we have purchased two new commercial popcorn machines for the concession stands and hopefully this problem will not occur again.

This last week has been very productive regarding the new W Club Recreation Facility. Our staff have been prepping the parking lot in anticipation of paving next week as weather allows and other workers are currently installing the parking lot lights and amenities inside. The floor is one of the next major projects and it should be done this next week.

King Jack Park Trolley rides have started back up on the 1st and 3rd Saturdays of each month from 9am to 11am. These rides are free and open to the public. Please encourage anyone you know who might enjoy a ride on the trolley in the park.

Our new Recreation Facility Coordinator, Kong Lee, has been selected and he has passed his employment screening. His start date will be May 19th. We are looking forward to what he can offer as he explores the best uses for our new recreation facility. We plan to have him attend the June 9th Council Meeting so everyone can meet him.

Staff have been working on an update to our Employee Handbook. This will be presented to council for approval before being sent to the printers and then distributed to all employees.

Waste water crews were notified during the storm of a couple locations experiencing high water. One of them was the Aylor lift station which crews responded to and were able to clear the issue. We did activate the auxiliary pump installed a couple years ago and it certainly looks to be a help to flood prone areas from the past. Basically it pulls water from the system faster than the past and puts it in the lagoon to be treated after the rain event.

Waste Water has received the final approved operations permit from DNR for the treatment plant. This, we believe was drafted in favor of several options that are important to the city. This permit still allows the affluent to continue flowing through the wetland and lagoons but will no longer be monitored and reported on the analysis reports. We will however continue to monitor for our own information to see if the zinc amounts begin to lower as the vegetation gets more established.

Staff participated in a renewal meeting with our Third Party Advisor regarding our Health Insurance yearly renewal. The numbers looked good for last year and there is no expected rate increase for the next year. We continue to work with the Tri-State Health Care coalition which we are a member to finalize the pricing structure with Mercy Hospital's. They have proposed a couple changes in our contract that we are working with our TPA, Benefit Management, to determine what if any impact this may have.

Staff met with our workers comp and it looks like after a couple good years we will be seeing a \$100,000 reduction this year in our cost. We continue to focus on safe work practices and our Safety Committee is continuing to meet regularly to discuss improvements as we find them in all departments.

The Water Department continues to report our run time on our wells to have been significantly reduced following the last round of leak detections and repairs. We will continue to monitor and hope to see good improvements in our water loss numbers.

Carl Francis
City Administrator

2025 Upcoming dates to remember;

Recycle and limb yard gate is now open 7 days a week until 6pm.
Residential only may dump at limb yard

Fire Department 417-673-2254 Fax – 417-673-5260

June 4, 2025

To: Webb City Mayor and City Council Members

Ref: Fire Department monthly report for May 2025.

The Webb City Fire Department responded to a total of 175 calls for service during the month. See attached sheet for breakdown information.

Work continues on the training facility at the station. Many of the department members have been working hard to make this a successful project. We are anticipating a completion time this fall and will have a dedication ceremony when it opens.

The training academy cadets all passed their first round of certifications for Haz-Mat and are in the last two weeks of class for the academy. They will be testing for certifications mid-July.

We will be having a benefit breakfast Friday, June 13th, 2025, here at the FD to raise funds for one of our firefighters, Nathan Lipsey, who he and his wife just had their little boy Dante at 25 weeks and he is in the NICU and will have an extended stay there as he develops. The funds will be used to help cover medical expenses.

Annual yearly NFPA physicals are being conducted this week on all line personnel, and we are continuing our business and hydrant inspections throughout the city.

In May we hosted the Chambers Coffee Talk here at the FD and had a great turn out. It was nice to have business members of the community here to share with them what was going on and what plans we had for the near future with the FD.

96 hours of department training and 10 hours of Public Relations have been conducted, and we continue to assist the other departments in the city as needed.

Andrew Roughton
Fire Chief

RESOLUTION NO: 25-1003

A RESOLUTION AUTHORIZING THE MAYOR TO SUSPEND ENFORCEMENT OF SECTION 205.200 AND 205.220 TO ALLOW THE SALE AND USE OF FIREWORKS THROUGH MIDNIGHT OF JULY 5TH, 2025.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF WEBB CITY, MISSOURI, as follows:

Section 1. Upon and in conjunction with the recommendations of the Webb City Fire Chief and the Webb City Police Chief, the City of Webb City desires to authorize the Mayor to suspend enforcement of Sections 205.200 and 205.220 to allow the sale and discharge/use of fireworks through Midnight of July 5th, 2025

Section 2. That the Mayor is hereby authorized to suspend enforcement of Sections 205.200 and 205.220 to allow the sale and discharge/use of fireworks through Midnight of July 5th, 2025 with the following conditions:

1. The suspension of enforcement of the above-referenced ordinances shall only apply through Midnight of July 5, 2025 and not for any subsequent years.
2. Enforcement of Sections 205.200 and 205.220 shall resume at 12:01 a.m. on July 6, 2025.

PASSED BY THE COUNCIL OF THE CITY OF WEBB CITY, MISSOURI,

this _____ day of _____, 2025.

Lynn R Ragsdale, Mayor and Presiding Officer

Attest:

Kimberley E. DeMoss, City Clerk

Backup Pump Motor
Purchase for 3 Lift Stations

6-9-2025

SUBJECT:

Purchase of one Pump Motor as a backup that will cover 3 lift stations. (6 different pumps).

BACKGROUND:

Webb City currently has 3 different lift stations that are Smith & Loveless brand. Each station has two pumps in it. Currently we do not have a backup motor for these pumps. One motor with work on any of the six pumps. The design of the motor is exclusive to the Smith & Loveless pump and that makes it a single source, proprietary item. We were only able to obtain one quote for the cost of the motor. This purchase will be part of our lift station rehabilitation program.

COST:

\$8,877.00 to be purchased direct from Smith & Loveless.

IMPACT & EFFECT:

The 2024-2025 budget allows \$50,000 for the purchase of generators for lift stations, 41.84.49120
The full \$50,000 is available at this time.

RECOMMENDATION:

Staff recommends proceeding with the purchase of the backup motor from Smith & Loveless at a cost of \$8,877.00.
